

DAVID ONISOMISE AWARRI

PROFILE

A responsible, adaptable and motivated graduate with a BSc. in Applied Computer Technology (Software Engineering). I am customer- focused, and especially driven to make sure all requirements are met and all projects are completed on time, and always. Fluent in English, with excellent communication and interpersonal skills. A fast learner with very good time management skills. Good work ethic in team and individual environments to ensure software quality and overall project success.
